“Croxley Park is a special place to work. The amenities are unique, well considered and expertly managed by the team.

There’s a friendly and welcoming ‘campus’ atmosphere here, thanks in part to the popular events run by the Park. And the natural surroundings are a pleasure all year long – from our waterside setting we get to enjoy the natural beauty of the park throughout the changing seasons.”

“We considered plenty of factors when deciding where to move. We needed a location close to London but with the benefit of good car parking and transport.

We also needed a safe, clean and calm working environment for our staff. Our clients and staff appreciate the excellent car parking and access to public transport via the free shuttle bus.

Croxley Park is also a great location for attracting staff, with our people travelling here from the Home Counties, London and Birmingham. We’re proud to be based here, and our guests often remark how beautiful the Park is.”

We give 110% & then some

We're one team, with one aim: to deliver an on-site experience that's always defined by the very highest standards of service.

There's a Croxley Park way of doing things, and our 20-strong management team is on site and on hand to make it happen, providing 5-star service, and a rich and varied day-to-day experience.

Helping you make the most of our unique facilities and amenities, we'll take care of everything you need – from business-to-business introductions, to energy saving analysis and recycling tips. And if you're looking for additional storage space, after-work language classes or a game of 5-a-side football, we'll always go the extra mile to help.

With a 24/7 manned office, CCTV control room and regular foot and vehicle patrols, we take your security seriously, giving you the peace of mind to concentrate on running your business and enjoying your life.

Our Park is beautiful, and our gardening team is here to keep it that way, ensuring neat borders, flourishing greenery and perfectly litter-free pathways. We're proud of our place, and our cleaning team is always on hand to maintain an impressively spick-and-span environment in which it's a pleasure to work and live.

Sustainable & eco-friendly

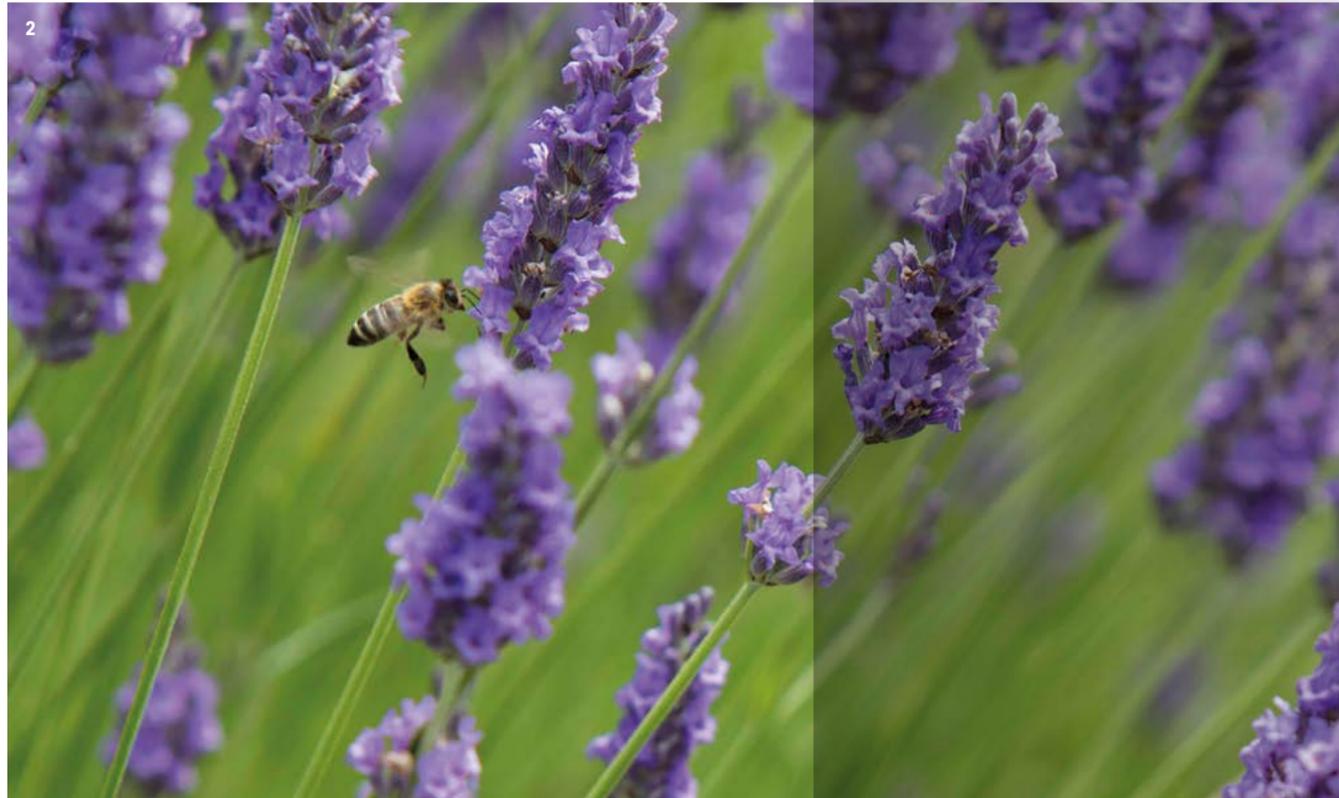

When we say we're green, we really mean it. We take care of everything, from on-site food composting to cardboard baling and rainwater harvesting. We also use renewable energy, provide charging points for electric vehicles, run a park-wide car-sharing scheme, and have designed 80+ bike spaces into our new building.

We also do our bit to protect the bees. Working together, our occupier businesses care for our own colony, which not only benefits our environment but also produces delicious honey for our Café. And our expert stewardship includes teaching local schools about the crucial role bees play in our ecosystems.

As part of our commitment to reducing energy consumption, our refurbished buildings are Grade A+ specified, with a Grade B Energy Performance Certification (EPC) Rating.

This is achieved through state-of-the-art technology; energy efficient heating, cooling and ventilation systems with heat recovery, and energy efficient lighting with daylight dimming and smart metering.

Of course, this also saves money; our buildings are typically 35%+ more cost effective than conventional office buildings. We're equally committed to reducing our waste through recycling, and thanks to the scheme coordinated by our team, we've sent zero waste to landfill since 2012.

Croxley Park is located on the edge of Watford town centre and enjoys a range of local amenities on its doorstep, from shopping and sports to arts and culture.

Watford is a busy retail hub, and the town's local shopping centre Intu Watford is currently undergoing a £180 million redevelopment. As well as the addition of many new fashion, beauty, food and leisure stores, the redevelopment also provides a brand new nine-screen IMAX Cineworld cinema.

Sports and leisure pursuits are well catered for locally, with Premier League football at Watford FC, and excellent golfing facilities at The Grove and West Herts golf courses. Nearby Cassiobury Park features sports facilities, a nature reserve with wetlands, and hosts a regular Park Run that is proving popular with the local fitness community.
